

SLIVER

CARLO COLOMBO 2020

Lampada a sospensione a luce diffusa.
Struttura costituita da un diffusore tubolare in vetro borosilicato, con finitura opalina, sospeso mediante cinte in pelle cablate nelle varianti di colore: polvere, antracite, taupe.
Al suo interno un sistema LED permette un'illuminazione uniforme sull'intera superficie della barra in vetro i cui terminali in metallo sono in finitura pewter.

Diffused light suspension lamp. Structure consisting of a borosilicate glass tubular diffuser, with an opal finish, suspended by leather belts in three different colours: powder, anthracite and taupe. Inside, a LED system allows uniform illumination over the entire surface of the glass bar whose metal terminals are in pewter finish.
